California Resources Corporation Announces Pricing of Private Offering of \$600 Million of Senior Unsecured Notes

Santa Clarita, California, January 14, 2021 – California Resources Corporation (NYSE: CRC) (the “Company”) announced today the pricing of its private offering of \$600 million in aggregate principal amount of its 7.125% senior unsecured notes due 2026 (the “Notes”) at par. The Notes will be guaranteed by all of the Company’s existing subsidiaries that guarantee its revolving credit facility and certain future subsidiaries. The offering is expected to close on January 20, 2021, subject to customary closing conditions.

The Company estimates that the net proceeds from the offering will be approximately \$589 million after deducting the initial purchasers' discount and estimated expenses. The Company intends to use the net proceeds from this offering to repay in full its second lien term loan and repay all outstanding senior secured notes due 2027 previously issued by its wholly-owned subsidiary that indirectly owns all of the assets associated with its Elk Hills power plant and gas processing facilities, with the remainder to be used to repay a portion of the outstanding borrowings under its revolving credit facility.

The Notes have not been, and will not be, registered under the Securities Act of 1933, as amended (the “Securities Act”), or any state securities laws and may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and the rules promulgated thereunder and applicable state securities laws. The Notes will be offered only to persons reasonably believed to be qualified institutional buyers in reliance on Rule 144A under the Securities Act and non-U.S. persons in transactions outside the United States in reliance on Regulation S under the Securities Act.

This press release does not and shall not constitute an offer to sell or the solicitation of an offer to buy any Notes, nor shall there be any offer, solicitation or sale of Notes in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
